## ABOUT ME

---

I'm a dedicated computer science student eager to launch a dynamic career with solid fundamentals and a passion for innovation and as a team player with excellent communication, I thrive in collaborative environments, committed to driving success

## EDUCATION

---

B.Tech, Computer Science & Engineering

College of Engineering Chengannur

Senior Secondary(12<sup>TH</sup>),Computer Science 92.5%

Holy Cross HSS Cherpunkal

## PROJECTS

---

Developed a Sudoku Solver GUI application

### Description:

Developed a Sudoku Solver GUI application in Python utilizing efficient algorithms, providing an intuitive interface for solving Sudoku puzzles interactively.

### Key Achievements:

Implemented advanced solving techniques for enhanced puzzle resolution, optimizing the solving process and enhancing the user experience

## SKILLS

---

Python, C, C++

Java

English – Proficient  
Malayalam – Native

## SOFT SKILL

---

- Creative Thinking
- Observation
- Quick Learning

## ACHIEVEMENTS

---

- Certified in Python by HackerRank
- Certified in Data Structures and Algorithms by NPTEL
- Certified in Problem Solving by HackerRank
